## Order Amending Rules on Access to Court Records

The Committee on Rules of Practice and Procedure has proposed an amendment to the Rules on Access to Court Records. The proposed amendment clarifies that personal information of natural persons who are witnesses or victims excluded from public access does not include criminal defendants. This exclusion was omitted when Administrative Rule 9(G) was repealed and replaced by Access to Court Records Rule 5.

The Court has considered the proposed amendment. Under this Court's authority to establish procedures and supervise the administration of all courts in the state, Access to Court Records Rule 5(C)(3) is amended as set forth in Exhibit A to this order (deletions shown by ~~striketrough~~ and new text shown by underlining).

This amendment is effective February 2, 2026.

Done at Indianapolis, Indiana, on 1/20/2026.
